DAY EIGHT – PREDICTIONS AND OBSERVATION/INFERENCE

---

**Objectives:**

- Students will understand the difference between observation and inference.

**Warmup:**

What is the difference between qualitative and quantitative observations? Give an example on the board ☺

¿Cuál es la diferencia entre las observaciones cualitativas y cuantitativas? Dar un ejemplo ☺

**Procedure:**

- Take attendance
- Go over warmup
  - Do the passing chicken and music and whoever it ends on, they say.
- Finish the Observation Notes Handout
- Observation and Inference
  - Show Observation and Inference Powerpoint
    - Stress that observation is to be done in lab, and to hone in on qualitative and quantitative observations
  - Talk about differences
  - It should be fun ☺
- Practice with Observation and Inference Practice

**Homework:**

- Observation Hwk – Wednesday
